# Dedication

## Mr. Harry Griswold

He's instantly recognizable to both students and faculty. When his name is mentioned, the most likely comment heard is that, "He always has a smile, and always says hi." Harry Griswold spends time helping out at many school events, and his contributions are not always in his role as janitor.

Years past, Mr. Griswold has been seen behind his camera, taking pictures of sporting events, plays, and other school functions. His pictures have graced many yearbooks before, and while he's cut back on those efforts, his presence adds to well-being of the school.

As a result of your dedication, service, and for just being a great guy, we, the 2000 Timaron staff, dedicate this book to you.

# "At the Beginning" -- Anastasia

We were strangers  
Starting out on a journey  
Never dreaming  
What we'd have to go through  
Now here we are  
And I'm suddenly standing  
At the beginning with you

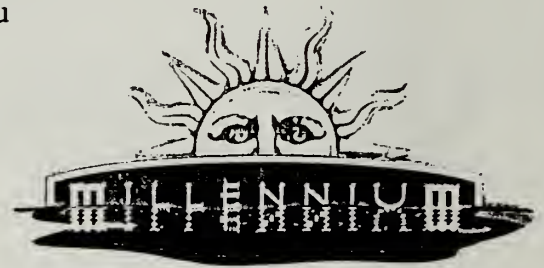

No one told me  
I was going to find you  
Unexpected  
What you did to my heart  
When I lost hope  
You were there to remind me  
This is the start

Life is a road  
And I want to keep going  
Love is a river  
I wanna keep flowing  
Life is the road  
Now and forever  
Wonderful journey

I'll be there  
When the world stops turning  
I'll be there  
When the storm is through  
In the end I wanna be standing  
At the beginning with you

We were strangers  
On a crazy adventure  
Never dreaming  
How our dreams would come true  
Now here we stand  
Unafraid of the future  
At the beginning with you

I knew there was somebody somewhere  
Like me alone in the dark  
Now I know my dream will live on  
I've been waiting so long  
Nothing going to tear us apart.

Life is a road and I wanna keep going  
Love is a river I wanna keep going on  
Starting out on a journey  
Life is a road and I wanna keep going  
Love is a river I wanna keep flowing  
In the end I wanna be standing  
at the beginning with you

Even after we graduate, the Class Council Officers will still represent us. The Officers will be in charge of all of the class reunions we have in the future.

Out of 4 years here I'd say that my junior year was most memorable. It had it's ups and downs, but for the most part I really loved having the people in my life that were there at the time and now some are gone. It isn't the same but sometimes change is good. I just hope that it will go uphill from here and that I will be able to keep in touch with those who made the year so good. I can only hope that they will get what they are looking for out of life.

OK, I didn't want to do just a plain old write-up. I want my last words as a high school student to mean something not just to me, but to anyone that reads it. First, I have to give love to God, Mom, Dad, Jen, and Jeff and to all my dear friends. (You guys know who you are.) Now, I'd like all of my fellow members of the class of 2000 to remember this: "Use all the talents you possess: the woods would be a very silent place if no birds sang except those who sang the best." I hope all of you are successful in everything you do. Good luck to everyone!

# Senior Foreign Exchange Students

Claire Penault-Aumont

Barbara Repole

This year, MHS is lucky enough to have two senior foreign exchange students, Claire Penault-Aumont and Barbara Repole. Although Claire is from France and Barbara is from Belgium, they both speak French, among other languages.

Both Claire and Barbara come from much larger towns than Middleboro. Therefore, living in Middleboro is a very large change for them. "The structure of the town is really different. There is not really a town; in Europe we have a town square with many shops. Here, when you want to do something you have to go outside the town, unlike where I am from, (in which) everything is in the town square," Claire said.

Barbara feels that "Middleboro is a very safe town compared to the town that I come from. I think that there is no fun for the kids. And I live like Robin Hood here." Despite these feelings about Middleboro, Claire and Barbara do have their favorites in American entertainment. Here are a list of Barbara and Claire's favorite things:

Well, our careers here at MHS are halfway over, I hope our next two years here are just as fun and memorable as the first. We need to prepare ourselves for the next few years, and the future. We have so much to plan ahead for . . . proms . . . road tests . . . and LIFE. We need to watch over each other to make sure nothing happens to anyone of us . . . we all need to graduate.

## Advise For Underclassmen...

"I recommend getting your heart trampled on to anyone.  
I recommend walking around naked in your living room.  
Swallow it down, it feels so good, wait until the dust settles...

You live you learn,  
You love you learn,  
You cry you learn,  
You lose you learn,  
You bleed you learn,  
You scream you learn.

I recommend biting off more than you can chew to anyone,  
I recommend sticking your foot in your mouth at anytime.  
Feel free. Throw it down, hold it up  
You wait and see when the smoke clears....

You grieve you learn,  
You choke you learn,  
You laugh you learn,  
You chose you learn,  
You pray you learn,  
You ask you learn,  
You live you learn..."

# Girls' Soccer

This year the girls soccer team was very close. Seniors this year included Kerrie Goodrich, Tennille Hammond, Marianne Miscioscia, Alia Sullivan, Sara Ibbitson (above left), Kendra Sullivan (above center). Alyse Russell (above right), is a junior, but works just as hard as the Seniors.

(Below) The Girls' Soccer Team was very close this year, c'mon, isn't that what being a team is all about? The entire team is huddled together to discuss their winning strategy and do a cheer.

Paul Lechtenberg scrambles to knock the ball away from his incoming opponent.

Josh Smith gives new meaning to the term direct hit.

# Boys Soccer

The boys soccer team has what it takes to be a team. Each member gives the team it's strength as Jean-Paul Faherty shows in the picture above. This team is a winner. I hope that these pictures will remain in your minds. I hope that fifty years from now you will be able to look back on this experience and picture yourself on the same field. Never forget your friends. You never know where you will be in the future.

If you are planning on being an athlete you will always be able to look back on your early days. With your record you have made this year unforgettable. Thanks for a great year!

The Sachem defender rides in the players pocket hoping to pick it.

Nobody beat the Sachems in the air for a ball.

The opponent's surprised look is a sure sign of their inability to stop the Sachems.

Justin Pittsley holds off the defender and readies to pass the ball.

With the clack of two sticks, the ball flies away.

Practice is key to establishing winning play.

Pushing the ball up-field, once more into the fray.

After beginning the season with some high hopes, the Lady Sachems Varsity Field Hockey team worked mainly to play consistently. While they were at their best against the toughest competition, their record does not reflect the quality of their effort in those games. Despite not meeting their expectations, there are moments that the members of the team will be able to reflect on with pride.

The younger players gained quality experience and should be ready to compete in their league next year.

After four tough years, the eight seniors have left behind a tradition of hard work which has bettered the program.

# FIRE SCIENCE

## The Firefighter's Prayer

When I am called to duty, God,  
Wherever flames may rage,  
Give me strength to save some life  
Whatever be its age.

Help me embrace a little child  
Before it is too late,  
Or save an older person  
From the horror of that fate.

Enable me to be alert  
And hear the weakest shout  
And quickly and efficiently  
To put the fire out.

I want to fill my calling  
And to give the best in me,  
To guard my every neighbor  
And protect his property.

And if according to Your will  
I have to lose my life,  
Please bless with your protecting hand  
My children and my wife.

# "Our Country's Good"

This year the Speech and Theatre Workshop performed the award winning play, "Our Country's Good." Tim Sullivan directed this play that was enjoyed by everyone who attended the performances. The cast worked hard during rehearsals, and it showed off in the end.

Top of this page: Patty Sorgman and Jarrod Sinnet share in a touching moment while other cast members look on. Left: Patty and Jay discuss events taking place. Right: Dave Purpura is alone in his favorite place . . . the spotlight. Bottom: Jay struggles with Jarred while Josh looks on.

This year Mr. Haskell has taken on all of the senior college and AP classes. Mr. Haskell is always willing to help you understand things. He was even willing to review all of his students' college essays. Anyone who has ever had to apply to a college knows how hard it is to write a good application essay, and Mr. Haskell helps make your essay the best it can be.

The teachers here at Middleboro High School are all different. They all have different backgrounds, different family lives, and different teaching styles. They all touch us in different ways. Some may help you when you don't understand the class material, others are your coaches, and some of them are even willing to take it a step further and help you with things on a personal level. No matter what they do, all the teachers deserve some type of recognition. They are paid to teach us, but when you think about it, they do so much more than that.

*"It seems we've been together forever,  
and it seemed that we might never part.  
But now the time has come to say farewell to you, my friend.  
The time has come to make a brand new start.*

*We traveled down this long road together.  
We had some ups and downs along the way.  
But that has all prepared us  
for what is now in store.  
The future is a road that starts today.*

*It's time to go, it's time to say good-bye.  
I really thought that it might never end.  
But maybe someday, if we're lucky,  
our paths will cross again.  
Until that day I'll say farewell,  
my friend.*

*Remember how we shared all  
the good times.  
Remember all our hopes  
and dreams and fears.  
Although today we're parting,  
we'll never be alone.  
We'll carry all the mem'ries  
thru the years...."*
